Hereafter the terms of common pleas court will last for three weeks instead of two. The order making the change was handed down yesterday by President Judge Archbald. It was made necessary by the great increase in civil business in this county which renders it impossible for the judges to keep business disposed of up to date with two weeks' terms. There are five terms of common please court each year, and the new arrangement will, therefore, result in five additional weeks of common

The West Side board of trade held a meeting last evening in Clark's hall. In the absence of the president, Common Councilman T. Ellsworth Davies was elected temporary chairman.
H. D. Jones, of the street and bridges,

reported progress in the matter of paving Robinson street. Will Farrell stated that the street should be paved at once, as three-fourths of the teaming from the city is done over that route. In the matter of parks, Council-man Davies announced that Mr. Sloan, president of the Delaware, Lackawanna and Western, said he would consider the proposition made by the board, at the next board of directors meeting Mr. Davies spoke of the Linden Street bridge, stating that traffic would be batter and Hyde Park benefited in many ways, Ho spoke of it as a plan by which the Providence people will be brought to the city by way of Hyde Park.

The plans for the viaduct over the Delaware, Lackawanna and Western railroad were submitted by City Engineer Phillips. A committee consisting of City Engineer Phillips and Councilman Davies, who were appointed from the city, called on W. F. Hallstead, of the Delaware, Luckawanna and Western Railroad company, and General Manager Archer, of the Traction company, to see what they thought of the matter. Both stated that they would bring the matter before their respec tive boards of directors at their next meetings. A long discussion on the viaduct followed and it was shown that the viaduct would be a great ben-

efit to this side. B G. Morgan stated in a lengthy speech that the viaduct would be a great improvement from the fact that it is not safe for people to pass the crossing as at present. The following esolution was then passed:

Resolved, That it be the sense of this board of trade that we urge all councilmen of the West Side to use their best endeav-ors to secure the West Lackawauua avenue viaduct and both bridges included in the bond ordinance now before the people. The resolution was passed, whereupon the meeting adjourned.

Sulvano Again. Frank Sulvano, who formerly ran a shoe shop on Hampton street, and who was recently released from the county jail, where he had served a term for complicity in the Nellie Hammit case, had a search warrant issued by Alderman Oram to search the house of Thomas Moran, of Hampton street, to n search for the missing gools, but it was futile. He had been telegraphed for, Mr. Amerman said, but had not

arrived. Attorney C. H. Soper who appeared for Mrs. Rosenagle, opposed delaying the trial of the case as his witnesses were all present and it would greatly inconvenience them to put the case over. LAND OF THE MIDNIGHT SUN,

A New Play Produced in Good Style at the Academy. After being regaled with such a dainty literary gem as Frimes' Cellar Door" the theater goers of Scranton were given quite a treat at the Academy of Music last evening when A. Y. Pearson's company presented a highly interesting drams entitled "The Land of the Midnight Sun. '

The play is a spectacular romance of Iceland, and is founded upon the story of two half brothers who cross in love and war. The presentation last night was suc-

cessful in every respect. The scenic effects were excellent, particularly the explosion at the end of the fourth act. William Harcourt headed a first class company. Mr. Harcourt, admirable as a rugged man, swore to revenge a wrong to his mother. He showed great reserve force, and his acting withal was remarkably natural. Miss May Wheeler gave a splendid por-trayal of a devoted wife.

The author of the "Land of the Midnight Sun," Edwin Barbour, appeared in the cast and showed that he could act with as much cleverness as he could construct a drama. Lawrence Barbour also was a strong member of the cast.
